Hi Genevieve --

I'm not sure we've received the report you request yet. I will check and let you know.

Hi Dave and Damien,

I would like to get a copy of Entergy's semiannual and annual Marine Monitoring Studies (Marine Environmental Monitoring Program and Marine Environmental Study) for Pilgrim Nuclear Power Station for calendar year 2013. This is the report they submit under the NPDES Permit. The 2013 reports should be #82 and 83.

Thank you for your assistance and don't hesitate to call with any questions, 304-261-1282.

All the best,

Genevieve Byrne

We are also missing the marine monitoring reports for these years:

MEMP (Marine Environmental Monitoring Program): 2010, 2009, 2008, 2004

MES (Marine Environmental Study): 2009, 2005, 2002

If you have these earlier reports we would like them as well.

Thanks so much.
